

North East Health Check Group

10th June 2010

Central Square, Newcastle

Who was there?

9 people came from:

South Tyneside

Newcastle

Stockton

Darlington

Durham

Welcome and introductions

Angela and Judith welcomed everyone to this first meeting.

What is happening in our region?

Judith talked about what is happening around health in the region.

She also explained what she will be doing in her new job.

There is a presentation included with these minutes that Judith used.

What's it like where you live?

We worked in small groups to think about what was good and bad about health services where we live.

This information was used to decide what this group should look at over the next year.

Thinking about future meetings

Angela explained that there can be more of these meetings if people think they are useful.

It is important that they talk about the things that matter to people in this region.

The group voted on what they think is important to talk about in the next year.

Judith and Angela will use this information to plan the agendas for the next meetings.

	What we should talk about	How many votes
	Communication & Information Sharing	7 Votes
	Feedback from Clinic & Innovation Team	1 Vote

 A group of five diverse people of various ethnicities standing together.	BME families should be more involved in decision making around Health Checks	0 Votes

The Regional Health Plan

Rory and Dean came to the meeting to talk about the ASE event.

This will be held on Tuesday 13th and Wednesday 14th July at Gosforth Park Racecourse. People must come to both days rather than just one.

There will be lots of people there who will be working on a big plan about health for people with a learning disability.

Rory and Dean showed a film about what the event would look like.

They also asked people to work on one of the activities from the day.

Judith would like to see people from this group at the ASE event.

People let Judith know if they would be interested. Judith will now contact them with more information.

How many health check meetings should there be each year?

We voted on how many times this group should meet each year.

The group will now meet every 3 months. The next meeting will be in September to avoid the summer holidays.

3 times a year	7 votes
4 times a year	8 votes
5 times a year	1 vote
6 times a year	2 votes
