

Annual Partnership Board Report

An Introduction to these resources

As you will know, your local Annual Partnership Board Report has to be returned to the Public Health Observatory by 29th July 2011.

The full return form, along with the accompanying letter from Anne Williams can be found on the Observatory's website: <http://www.improvinghealthandlives.org.uk/projects/partnershipboardreports>

These resources have been developed to support your local engagement with self advocates and family carers, which is something you will have to evidence when you complete your local report.

In this pack there is:

- ✓ Checklist - Planning Your Local Session
- ✓ Session Invite Template
- ✓ Session Plan
- ✓ Presentation - Introduction to the Annual Report
